Council News - Sept 2011

Late news . Following the letter to the Minister re seat belt laws, a meeting has been arranged with the Executive Director of Road Safety, within Qld Transport.

Rod is still having on-going discussions with QT re a standard dating form.

As noted we are hoping to have the North Queensland clubs take up the offer to run QHMC rallies in their area paralleling those run in the southern part of the state. I realise we could be asking a bit for it to happen for 2012 but maybe a club already has something in progress that could be adapted.

If your club has a web presence please look at the QHMC web site to make sure your information is correct as we are developing a new site with this info.

As part of this we would like a jpg format file of your club badge. We hope to use these badges in the site heading.

I realise that we represent over 100 clubs but I am sure our webmaster can work his magic to make use of the badges.

We would also like to include not just your coming events but links to any past events where you post the report on the web.

2012 RACQ HMC Rally: Maryborough District Antique Motor Club will host the annual rally on the Queen's Birthday long weekend 9-11th June 2012. RACQ is the major sponsor. Book your accommodation. Entry form on the club website www.maryboroughvintage.com Rally email address is patandjoe1964@hotmail.com Rally phone number is 4121.2706.

2013 QHMC Rally: Sunshine Coast Antique Car Club will hold its 50th anniversary week-long celebration in conjunction with the 2013 QHMC Rally in June 2013. Please lodge your expression of interest to attend with name, number attending, phone, address and email address to SCACC PO Box 363 Nambour 4562.

SIV Tolling: Members with heavy vehicles 4.5 t and over on SIV registration who are being charged commercial toll-road rates are requested to contact Rod Graydon, QHMC's transport liaison officer, and give him details of the overcharging.

SIV Concessional Registration: QHMC has consulted widely during 2011 to determine whether changes are required in our existing SIV arrangements. There is mixed feeling in the clubs generally. Whilst the majority do not want to lose the benefits provided by the current SIV scheme, many clubs would like to see the existing arrangements remain and be enhanced with the provision of a number of personal use days each year. DTMR has been asked for its opinion on how such an extension of the SIV scheme might be managed. It is expected that it would be easy to implement such an extension to the existing scheme but regulation and enforcement might present challenges. Resource-neutral arrangements for DTMR and nil administrative overheads for clubs are important considerations. QHMC is continuing advocacy on your behalf.

Seat Belts and Child Restraints: QHMC continues to negotiate with DTMR and advocate to the Minister for Transport to bring Qld Road Rules into closer alignment with Australian Road Rules in order to get families back into our club movement. Widely-held club opinion is that a reasonable point in time at which to apply an exemption to the age 7 to under 16 age group in pre-seat belt era vehicles would be for all pre-1960 vehicles. By the time you read this, another conference will have taken place between QHMC and DTMR, the outcome of which will be loaded onto the QHMC website www.qhmc.org.au

Web Links: In order to get clubs interacting better, clubs have been asked to provide two or three open invitational events over a six month period for inclusion on the QHMC Events Calendar. If your club would like some company on its runs, it should notify QHMC via the link on its website www.qhmc.org.au
